- Separate the services/products into their respective service categories (telecommunications, Internet access and internal connections) and total the results of each category.
- Enter these amounts in the *Item 25 Worksheet Summary*, Section I-C in the respective service category (Numbers 9, 10, 11).
- Sum items I-C, 9 through 11 and enter this amount in #12.

Sections II through VI: Hardware, Professional Development, Software, Retrofitting and Maintenance

For Sections II through VI of the worksheet, you will be asked for investment amounts in these areas for the prior Funding Year 2003 (2003-2004) and also for the investment that coincides with Funding Year 2004 (2004-2005). It is not initially necessary to document your estimates. However, in the event of a future audit, or depending on the results of our analysis, you may be asked to provide additional documentation to clarify or substantiate your estimates. For Sections II through VI (Hardware, Software, Professional Development, Retrofitting, and Maintenance), Securing access to necessary resources for non-eligible products and services does not mean that all resources to support the purchased services must be paid for out of current year funds. Therefore, if you can demonstrate that the computers are in place, the training has occurred, or the electrical system has been upgraded as a result of investments in previous years, then those resources are available to support the purchased services. You may attach a page to the worksheet, or cross-reference the technology plan you have provided, to document that these resources are available. You may also estimate the value of donations and in-kind contributions on the worksheet, and include these values in the subtotals for each section. These can be listed on the line marked "Contributions/In Kind" for each section.

If you have submitted your E-Rate request on behalf of a school system, a library system, or a consortium, your response on these worksheets should represent the total of all of the resources available in all of the eligible entities covered by your request. For example, you would include your estimate of all of the networked computers in your school district or library system buildings that will be covered by your funding request. If, as an applicant, you have submitted multiple Form(s) 471, a single worksheet should be used to summarize the total requests for all of your Form(s) 471, and the total resources that are available to support those requests. The exception to using a single worksheet is if you are a Consortium applicant and you decide to use the disaggregate method for demonstrating compliance with your Item 25 Certification. (See the description in the box on page 4.)

Section II: Hardware

Hardware includes computers, printers, fax machines, video equipment, scanners, CD-ROM drives, servers, etc., that are used to support and improve education or library service.

To use telecommunications access effectively for improved education or library service you should have computers that can take advantage of the resources available on the Internet. Legacy equipment (PCs below 486 or Macs below 040 processors) that cannot take full advantage of the Internet should not be included in the hardware available to support purchased services unless they can support text-based browsing (such as Macs with 020 processors or 386 PCs with appropriate software).

- In Section II-A, number 13a, please enter the number of computers connected to the Internet as of today. In number 13b, enter the number of computers scheduled to be connected as of June 30, 2005.
- In Section II-B, number 14a, please enter the number of servers connected to your network as of today. In number 14b, enter the number of servers scheduled to be connected to your network as June 30, 2005.
- In Section II-C, number 15a, please enter the number of data and voice drops that are currently installed as of today. In number 15b, enter the number of data and voice drops that are scheduled to be installed as of June 30, 2005.
- In Section II-D, please estimate your total expenditures for hardware during Funding Year 2003 and Funding Year 2004. Enter these numbers in Section II-D, Numbers 16a and 16b.
- Estimate the value of in-kind hardware donations received last Funding Year 2003 and expected donations in Funding Year 2004. Enter these numbers in Section II-E, numbers 17a and 17b.
- Add 16a and 17a. Enter the sum in 18a.
- Add 16b and 17b. Enter the sum in 18b.

If you have made a significant investment in technology prior to Funding Year 2003, please summarize the resources that are already in place in the section titled, Resource Plan: Fax Back Page 2. Please also describe any other resources to support this area that are not represented on the Item 25 Worksheet, but of which we should be aware. If you have applied for matching funds or grants from other sources that have not yet been approved, please note that as well.

Section III: Professional Development

Professional Development, which is not eligible for E-rate discounts, is necessary to ensure that you are prepared to make effective use of purchased services. Professional development should provide for ongoing and sustained training for not just the technical staff, but teachers or librarians as well.

Your budget should provide for professional development that goes beyond the acquisition of generic computer skills to include mastery of technology applications specifically designed to improve teaching, learning or library service. Training that is limited to the acquisition of basic computer skills is not sufficient. Training should be coordinated with the availability of appropriate technology in the school, classroom, or library.

The following are possible professional development costs that might have been incurred by your organization: seminars and conferences; faculty hired to conduct in-service or on-site training; technology related courses attended by your staff and paid for by your organization; books and other instructional materials; and full time professional development staff. Peer tutoring and peer monitoring is another method for delivering training, and you may include this in your estimate of Professional Development Contributions and in-kind donations. However, for these purposes, please do not include any non-technology course costs.

Estimate the percent of your instructional or library service staff that have been trained to use technology to improve education or library services and list the results in Section III-A Staff Training Hours (the combined total should equal 100%). Please note that here we are looking for the CURRENT percentages of teacher or librarian training.

- Estimate the value of your professional development expenditures for Funding Year 2003 and Funding Year 2004. Enter these numbers in 20a and 20b.
- Estimate any in-kind or pro-bono professional development received in Funding Year 2003 and any anticipated during Funding Year 2004. Enter these numbers in 21a and 21b.
- Add 20a and 21a. Place the sum in 22a.
- Add 20b and 21b. Place the sum in 22b.

If you have made a significant investment in professional development prior to Funding Year 2003 please summarize these resources in the section titled, *Resource Plan: Fax Back Page 2*. Please also describe any other resources to support this area that are not represented on the *Item 25 Worksheet*, but of which we should be aware. If you have applied for matching funds or grants from other sources that have not been approved yet, please note that as well.

Section IV: Software

Some software (such as productivity tools, curriculum software, library content, etc.) is not eligible for discounts, but is necessary to make effective use of the purchased services. (Software to operate a network server is eligible and would be included in Connectivity above).

- Estimate the value of your software expenditures for Funding Year 2003 and Funding Year 2004. Enter these numbers in 23a and 23b.
- Estimate any in-kind contributions of software products received during Funding Year 2003 and any anticipated contributions during Funding Year 2004. Enter these numbers in 24a and 24b.
- Add 23a and 24a. Place the sum in 25a.
- Add 23b and 24b. Place the sum in 25b.

If you have made a significant investment in software prior to Funding Year 2003, please summarize these resources that are already in place in the section titled, *Resource Plan: Fax Back Page 2*. Please also describe any other resources to support this area that are not represented on the *Item 25 Worksheet*, but of which we should be aware. If you have applied for matching funds or grants from other sources that have not been approved yet, please note that as well.

Section V: Retrofitting

Retrofitting that may be necessary to make effective use of purchased services is not eligible for E-rate discounts, but it is necessary to make effective use of the purchased services. Retrofitting includes electrical wiring, asbestos removal, building modifications, renovations and repairs necessary to use the requested E-rate products and services. Retrofitting is not the costs that you incurred to upgrade your computer wiring or network hardware.

- Estimate your retrofitting investment during Funding Year 2003 and your anticipated investment for Funding Year 2004. Enter these numbers in 26a and 26b.
- Estimate any in-kind or pro-bono work in the area of retrofitting received during Funding Year 2003 or any anticipated during Funding Year 2004. Enter these numbers in 27a and 27b.
- Add 26a and 27a. Place the sum in 28a.

Add 26b and 27b. Place the sum in 28b.

If you have made a significant investment in retrofitting prior to Funding Year 2003, please summarize these resources that are already in place in the section titled, Resource Plan: Fax Back Page 2. Please also describe any other resources to support this area that are not represented on the Item 25 Worksheet, but of which we should be aware. If you have applied for matching funds or grants from other sources that have not been approved yet, please note that as well.

Section VI: Maintenance

Systems maintenance and operations costs for <u>ineligible</u> hardware and software, and salaries of staff are ineligible for E-rate discounts. Nevertheless, they are necessary to make effective use of the purchased services (maintenance costs for E-rate eligible equipment and services; that do not include applicant staff salaries, should be included in Connectivity above).

- Estimate your expenditures for systems maintenance and operations in Funding Year 2003 and your anticipated expenditures in Funding Year 2004. Place these numbers in 29a and 29b.
- Estimate any pro-bono maintenance or the value of donated time for maintenance during Funding Year 2003 and any anticipated during Funding Year 2004. Place these numbers in 30a and 30b.
- Add 29a and 30a. Place the sum in 31a.
- Add 29b and 30b. Place the sum in 31b

If you have made a significant investment in maintenance and operations prior to Funding Year 2003, please summarize these resources that are already in place in the section titled, *Resource Plan: Fax Back Page 2*. Please also describe any other resources to support this area that are not represented on the *Item 25 Worksheet*, but of which we should be aware. If you have applied for matching funds or grants from other sources that have not been approved yet, please note that as well.

Technology Plan

Please include a copy of your technology plan that supports your funding requests made in Funding Year 2004. Your technology plan helps us better understand the resources that are available to support the funding requests that you have submitted on your Form(s) 471.

Technology Implementation Level Worksheet

- In column A, list the number of schools or libraries that currently fall into the technology levels described below.
- In column B, indicate where you anticipate your schools/libraries to be as a result of the technology requests you made on your Funding Year 2004 Form(s) 471.

If you are responding on behalf of a consortium, a school district or a library system that has schools or libraries (outlets/branches) at different levels, please list the number of sites that are at each level.

Resource Plans and Investments: On this worksheet you are asked to estimate any relevant investments in the resources you need to make effective use of requested E-rate services that happened prior to Funding Year 2003 covered on the <i>Item 25 Worksheet Summary: Fax Back Page 1</i> as well as any other resources that are available to you but which are not represented on the <i>Item 25 Worksheet</i> . Please use this space, or attach an additional page, to provide narrative information about both your plans and strategies for securing the necessary resources to make effective use of the requested services and previous years' investments in technology. You may use the space below to cross reference sections of your approved technology plan, your budget, or other relevant documentation. If you have made a significant investment in technology prior to Funding Year 2003, please summarize these resources that are already in place. If you have applied for matching funds or grants from other sources that have not been approved yet, please note it. Include all information about resources that you have available to make effective use of E-rate funding.

Response to E-Rate Selective Review Information Request Form 471 Applications# 420324, 420579 year 7 (2004-2005).

Information Regarding the Competitive Bidding Process and Vendor Selection:

- 1. The E-Rate funding procurement process for the **Colegio Nuestra Señora del Rosario** was conducted by the Consorcio de Colegios Católicos Arquidiócesis de San Juan on behalf of the participating schools, as established in the Consortium's participation agreement. Also, the CCCASJ signed an E-Rate Services Agreement. The school submitted a signed the F-471 as a supplement of the agreement. Copy of the agreement is included in Annex 1.
- 2. The school as a participant entity of the CCCASJ was part of the procurement process. After publishing the F-470, the vendors that contacted either CCCASJ or the school were invited to evaluate the Technology Plan implementation to gather the information they understood was necessary to confirm their proposals. Copy of the Technology Plan is included in Annex 2. (Will be sent by Fedex)
- 3. The bids were received by the CCCASJ by Madeline Melgen, Ed.D.
- 4. The service provider selection was recommended by the Consortium's (CCCASJ) technology committee as part of the advisory services to the consortium's participants. The CCCASJ received the service provider proposals, conducted the evaluation process and recommended a Service Provider to the participants.
- 5. Copy of the school representation agreement by the CCCASJ is included in Annex 3.
- 6. Included is the agenda of the meeting for the vendor selection notification for Internal Connections and Dedicated Services of year 7 (2004-2005) for the E-Rate Program. At this meeting the CCCASJ explained the evaluation and selection process to the participants. The written communication between the CCCASJ and the entities that are members of the Consortium is included in Annex 4.

RESOURCE PLAN: FAX BACK PAGE 2

Resource Plans and Investments: On this worksheet you are asked to estimate any relevant investments in the resources you need to make effective use of requested E-rate services that happened prior to Funding Year 2003 covered on the Item 25 Worksheet Summary: Fax Back Page 1 as well as any other resources that are available to you but which are not represented on the Item 25 Worksheet. Please use this space, or attach an additional page, to provide narrative information about both your plans and strategies for securing the necessary resources to make effective use of the requested services and previous years' investments in technology. You may use the space below to cross reference sections of your approved technology plan, your budget, or other relevant documentation. If you have made a significant investment in technology prior to Funding Year 2003, please summarize these resources that are already in place. If you have applied for matching funds or grants from other sources that have not been approved yet, please note it. Include all information about resources that you have available to make effective use of E-rate funding.

El Colegio Nuestra Señora del Rosario procura mantenerse a la vanguardia es esta era Tecnológica. Para continuar con nuestro desarrollo hemos hecho mejoras tales como: Aire acondicionado en el salón de Computadoras, Biblioteca y Laboratorio de Ciencia con un costo de \$6,075.00, además como todos lo salones tienen computadoras se han instalado 2 abanicos en cada uno con un costo de \$1,738.00. Para dar protección a los equipos se instaló una alarma con un costo de \$2,000.00. Se hizo una rampa con un costo de \$79,287.00. Se gasto \$10,672.00 en pintura en mejoras al Colegio. Se instalaron "screens" en el salón de computadoras con un costo de \$1,500.00. Se reparo el techo y rejas con un valor aproximado de \$10,700.00 y en el salón de computadoras se hicieron nuevas instalaciones para el equipo adquirido a un costo de \$3,500.00. Para poder continuar con el proyecto tecnológico sé esta trabajando en una subestación a un costo aproximado de \$75,000.00.

E-RATE IMPLEMENTATION DESCRIPTION: FAX BACK PAGE 3

E-rate Implementation: On this worksheet please describe your overall strategy for implementing your E-rate requests this year, noting especially any differences if not all of your facilities are at the same technology implementation level. Please give us an overall picture of what you are trying to accomplish so that we can better understand how the requested services will work in conjunction with the resources that you have identified throughout this document.

Hemos desarrollado diferentes estrategias para lograr la integración de la tecnología al proceso académico. Los maestros se mantienen tomando talleres de crecimeiento profesional ofrecidos por la superintendencia. Se han capacitado maestros que en la hora de capacitación dan talleres a los demás. La maestra de computadora ha desarrollado un horario para atender las necesidades de los maestros para integrar la tecnología a sus clases. En cada grupo se han seleccionado estudiantes talentosos que han sido preparados para servir de apoyo a sus compañeros de salón. Para adquirir más equipo y programados se han desarrollado diferentes actividades conjuntamente con los padres para recaudar fondos. Contamos también con las propuestas sometidas al Consorcio de Colegios Católicos.

Dear Madeline Melgen, Applicant Name (All Puerto Rico Applications you have) Contact Number: 1-787-731-6100 Application Number(s): Multiple

The Program Integrity Assurance (PIA) team is in the process of reviewing all Form 471 Applications for schools and libraries discounts to ensure that they are in compliance with the rules of the federal universal service program. We are currently in the process of reviewing your Funding Year 2004 Form 471 Application. To complete our review, we need some additional information. The information needed to complete the review is listed below.

Madeline, we are trying to find out how you get your discount information for NSLP. I'm sure you have something different, however, we will need to have documentation for all the Schools, Public, Private, Academies, Catholic, etc.. with the **Total Student Enrollment** and those eligible for **Free** (**Gratis**) & **Reduced** (**Reducido**) lunches.

I tried to call the E-Rate coordinator for Puerto Rico, but no one spoke English.

If there is anything you can do, it will certainly speed up processing the applications. I don't know if you are the only one working on the applications for Puerto Rico, if there are others we will need a complete list of the schools with the information above.

Thanks so much for your prompt attention in this matter.

If you have already submitted the Item 21 Attachments, please fax an EXACT COPY of the Item 21 Attachments that were previously submitted. If you do not wish to resubmit the Item 21 Attachment, you are not required to do so. We will process your application once the Item 21 Attachments have been scanned into our system.

Please fax or e-mail the requested information to my attention. If you have any questions, please feet free to contact me.

It is important that we receive all of the information requested so we can complete our review. Failure to do so may result in a reduction or denial of funding.

Please send the requested information within seven calendar days. If you need additional time to prepare your response, please let me know as soon as possible.

Thank you for cooperation and continued support of the Universal Service Program.

Sincerely,

Nancy A. Rocco Schools And Libraries Division Program Integrity Assurance Phone: 973-884-8250 FAX: 973-599-6522 nrocco@sl.universatservice.org
